

ACTIVE REPERTOIRE ★ WINTER 2023-4

- ★ Active Repertoire pieces are performance-ready, and can ideally be played from memory.
- ★ Choose three or four Active Repertoire pieces and list them on this sheet. Review and update your list each season, including current and new favourites.
- ★ Play these pieces daily at the start of your practice, and perform them to others whenever you get the chance.

Why not see if you can work out your favourite Seasonal Song by ear and play it for your family and friends?
